

Concerning the petition by CBA number 02-278

I will guarantee that many businesses will lose my business on a permanent basis. I am on Indiana's no call list because if I was interested in a product I would seek the information. I get enough junk mail - I do not want additional ads through my telephone. I am on a pay by minute phone line and do not believe that I should have to pay for their advertising which I did not want to begin with. It is irrelevant whether I have used their product or service in the past, if I have a need to avail myself of their company again, then I wish to be the person initiating that relationship.
